### **REASONS FOR ALLOWANCE**

The amendment filed on October 14, 2005 has been entered. Claims 2, 3, 5, 7, and 10 have been amended, claims 1, 4 and 6 have been cancelled and new claims 13-21 have been added.

Claims 2, 3, 5 and 7-21 are allowed.

The following is an examiner's statement of reasons for allowance:

None of the prior art of record shows or suggests a two-way clutch including an inner race, outer race, torque transmission member, biasing means, cage, elastic retaining means and frictional drive means arranged together in the manner recited in claim 2, and particularly wherein the cage retains the biasing means, the biasing means are provided on only one side of the torque transmission member, an extension portion is formed on the cage to extend in an axial direction with respect to the race element serving as the cam surface side element, and the frictional drive means is interposed between the extension and the cam surface side element.

Nor does the prior art of record show or suggest a two-way clutch including an inner race, outer race, torque transmission member, biasing member, cage and frictional drive mechanism arranged together in the manner recited in claim 13, and particularly wherein the torque transmission member is biased from only one side, the cage retains the biasing member, an extension portion is formed on the cage to extend in an axial direction with respect to the race element serving as the cam surface side element, and the frictional drive mechanism is interposed between the extension and the cam surface side element.
